72% Success Rate upon completion of our 12-18 month Residential program!

We just crossed over 6 years in ministry of Breaking Free! We are currently starting our 4th year in our 12-18-month Long-term Residential House. WHAT MAKES US DIFFERENT?

The residential program is voluntary and biblically based. Our goal is to help women permanently stop destructive cycles, discover purpose for their lives, and experience God's unconditional love, forgiveness, and life-transforming power. Many of the young women who come to Breaking Free are facing a variety of circumstances that are impacting their ability to function in daily life.

These young women have often been in multiple treatment facilities and seen by handfuls of therapists but are unable to have long-term success. At Breaking Free, we see each woman's potential and come alongside her to receive healing and transformation.

This includes communicating with family in a healthy way, restoring healthy relationships, creating goals, accountability and working to become a member of the community. As they move through the program, it is designed to help you work on areas of accountability, triggers and other factors to help BEFORE they walk out of the program. They are building a support team who will encourage, hold them accountable and help them achieve their life of freedom.

Want to hear our women's stories? Invite us to your church, small groups or businesses and hear the life changing stories! By the word of their testimony!

As a non-profit, inflation is a killer. We are a donor based program.

We need your help. We budget our program, house needs, treatment, doctor appointments, program materials, work, school and church activities. We need financial support. We need YOU! We have created the FreedomCircle360 program! It allows you to give \$30 a month! A dollar a day!

We are looking for 200 monthly supporters in the FreedomCircle360 program! Will you be one?

Freedom Circle360

At Breaking Free, our multi-dimensional program is designed to address the whole person-spirit, soul and body- a full circle approach. Our model isn't like secular programs, it's not a model that only medicates, or works simply to substitute one behavior for another. It transforms hearts, helping hurting women turn around their entire lives and become the beloved woman each was created to be! **Your gift of \$30 a month (\$360/year) helps us provide the transformative, a "Full Circle" care women desperately need.**

How do you sign up? Easy go to this link and start your monthly giving!

Every FreedomCircle360 donor will receive a FreedomCircle360 t-shirt and a handwritten note from one of our residents!
